Education

- **JSS Academy of Technical Education** 2022 – 2026
B.Tech in Computer Science & Engineering CGPA: 8.42
- **DAV Public School** 2021 – 2022
Class 12th, CBSE Percentage: 87.8%
- **DAV Public School** 2019 – 2020
Class 10th, CBSE Percentage: 84.6%

Experience

- **Full Stack Developer Intern ,VS2 Digital Pvt. Ltd.** Jun 2025 – Sep 2025
 - Developed and maintained backend functionalities using **Node.js**, **Express.js**, and **MySQL**, contributing to the implementation of modules and enhancing code maintainability.
 - Built and integrated RESTful APIs for data management and business logic, optimizing backend operations and reducing average response times by nearly **25%**.
 - Worked extensively with **MySQL databases**, writing SQL queries and managing data across **1000+ records** to ensure reliable storage and efficient retrieval.
 - Collaborated closely with frontend developers and team members to integrate APIs, troubleshoot issues, contributing to a smoother development workflow and timely project completion.

Key Projects

Welth | [Next.js](#), [React.js](#), [Prisma](#), [Supabase](#), [Clerk](#), [Inngest](#), [Arcjet](#), [Gemini](#) GitHub | Live
An AI-powered finance management platform for tracking transactions, budgeting, and personalized financial insights.

- Implemented a finance management platform supporting **3+ account categories**, transaction tracking, monthly budgeting, and interactive line, bar, and pie chart visualizations for financial analysis.
- Integrated **AI** to extract receipt data, categorize expenses, auto-register transactions, and generate monthly spending insights, reducing manual entry by **80%+**.
- Built automated workflows with **Inngest** to send budget alerts at **75%** utilization and monthly financial reports, backed by **Prisma** and **Supabase**.

TrackMate | [React](#), [Node.js](#), [Express.js](#), [MySQL](#), [Nodemailer](#), [JWT](#) GitHub
A secure evidence management platform where users upload evidence and administrators manage records and access.

- Implemented **JWT authentication** and session management to enable secure evidence uploads, supporting role-based access and improving data security for **100+ records**.
- Developed an **admin dashboard** for monitoring uploaded evidence and managing users and streamlining record management.
- Built an automated **email notification system** for account verification, alerts, and status updates, ensuring timely communication and improving user engagement.

Technical Skills

- **Languages:** C++, JavaScript, SQL.
- **Development:** HTML, CSS, Bootstrap, Next.js, React.js, Node.js, Express.js.
- **Databases:** MongoDB, SQL
- **Tools:** Git, GitHub, VS Code , Figma
- **Core CS Concepts:** DBMS, OOP, Operating Systems, Data Structures and Algorithms.

Certifications

- Machine Learning Training — Internshala View
- Problem Solving (Intermediate) — HackerRank View
- Full Stack Web Development Internship — VS2 Digital View
