EDUCATION

B.Tech, Computer Science & Engineering

ABES Engineering College | CGPA: 8.0/10 | Expected Graduation: 2028

TECHNICAL SKILLS

Programming	C, C++, Java, Python, JavaScript
Frontend	HTML5, CSS3, React.js, JavaScript (ES6+), Responsive Design
Backend	Node.js, Express.js
Database	MongoDB
Tools	Git, GitHub, VS Code, Vite, npm, Postman
Concepts	DSA, OOP, REST APIs, Prompt Engineering, AI Engineering Fundamentals

PROJECTS

AI Resume Parser & ATS Candidate Ranking System

Tech Stack: Python, Groq API, GPT-OSS-120B, Pydantic, PyPDF, python-docx, JSON

- Developed an AI-powered resume parser that extracts structured data from PDF and DOCX resumes.
- Built an ATS matching engine to compare resumes against job descriptions using LLMs.
- Automated candidate ranking with skill-gap analysis and structured JSON outputs.

CampusBuzz – College Event & Community Platform

Tech Stack: HTML5, CSS3, JavaScript, Git, GitHub

- Developed a responsive platform for campus events, clubs, and announcements.
- Designed a modern UI with event cards, galleries, and responsive navigation.
- Optimized layouts for desktop and mobile devices.

JavaScript Mini Projects Collection

Tech Stack: HTML5, CSS3, JavaScript

- Built 10+ interactive applications including To-Do List, Quiz App, Countdown Timer, and Digital Clock.
- Applied DOM manipulation, Local Storage, timers, and reusable components.

CERTIFICATIONS

- Microsoft Learn – Introduction to Cloud Infrastructure: Azure Management and Governance (June 2026)
- Deloitte Data Analytics Job Simulation – Forage (July 2026)

ACHIEVEMENTS

- Solved 200+ DSA problems across LeetCode and GeeksforGeeks (update with actual count).
- Developed multiple frontend web applications using HTML, CSS, JavaScript, and React.
- Maintaining an 8.0 CGPA while learning Full Stack Development and AI Engineering.
